

Good things to bring with you.

- Sunscreen
- River shoes – not flip flops
- T-shirt for sun protection or if it turns cool
- Hat
- Sun glasses (not your favorites) with strap
- Water in plastic bottles
- Food and/or snacks
- Bag for your trash
- Underwater or disposable camera
- Towel: leave an extra one in your car
- NO GLASS

Please do not bring every key that you own with you on the river! The “Great Magnet” at the river’s bottom wants them and will tip you over and shake your pockets to get them. Bring only which keys are necessary to open your vehicle and please secure them well. Trust us on this one. It’s happened once or twenty times.
