Advanced Aquarium Services, Inc

We bring the **OCEAN** to you!

Who We Are

Advanced Aquarium Services, Inc is a full service sales and maintenance company specializing in saltwater and live custom coral reef systems.

Our mission is to provide the best customer service to commercial and residential aquariums of West Michigan.

Why Choose AAS?

Our maintenance clients appreciate the quality, knowledge, and dependability they receive. Livestock and supplies are delivered right to your door! Emergency calls are no extra charge. Licensed and insured, we take care of the worries so you are free to enjoy the relaxing benefits of a living work of art in your home or office.

At AAS, we care about fish *and* their owners. Our goal is for you to be so delighted with the services you receive that you will recommend us to others.

Design and Installation

We'll come to your home or office to help you design the aquarium of your dreams and pair it with the highest quality filtration to keep it beautiful.

Whatever your vision... through glass or acrylic, from a standard tank to a custom creation designed especially for you... Your selection will be professionally installed and cared for. We have a full line of contractors to handle any project. Come dream with us!

Maintenance

Watching fish has been clinically proven to reduce stress, stimulate brain activity and lower blood pressure. Cleaning aquariums has not! Regularly scheduled, professional cleanings provide stable water conditions to keep your aquatic pets healthy and you free to enjoy them.

Moving and Relocation

Aquarium moving requires experience, specialized equipment and care. To the next room or the next town, AAS has the tools to efficiently move your aquarium with minimal stress on your pets.

The system will be assembled in the new location sparkling clean, level and tested for healthy water quality. For longer moves, livestock boarding is available.

Vacation Care

Don't leave your investment in the hands of the inexperienced while you vacation. Call AAS ~ the people who know fish and how to manage those unexpected emergencies.

Livestock and Supplies

Shop our store for a complete line of marine aquarium supplies and an ever changing selection of vibrant fish and coral. Maintenance customers enjoy the convenience of having their orders delivered and acclimated at the next scheduled visit.

Free Evaluations

Do you have a troubled aquarium or want to make a change? We provide one free evaluation of your existing setup and water conditions.
