

5 Therapies. 1 Extraordinary Massage.

Once upon a time, the miraculous effects of acupressure, acupuncture, heat therapy, chiropractic care and massage were regarded as medical mysteries. Today, these healing techniques maintain popularity in all regions of the world and are rapidly becoming the most admired sciences in western society. Migun's Thermal Massage Bed System is the culmination of a new medical era. The result is a synergy between the holistic approaches of Eastern medicine, the science based methods of Western medicine and the comprehensive, advanced technology of Migun's extraordinary massage system.

Acupuncture Inspired

Stimulates specific points of the body to revive proper flow, recharge life force (chi), and return proper balance.

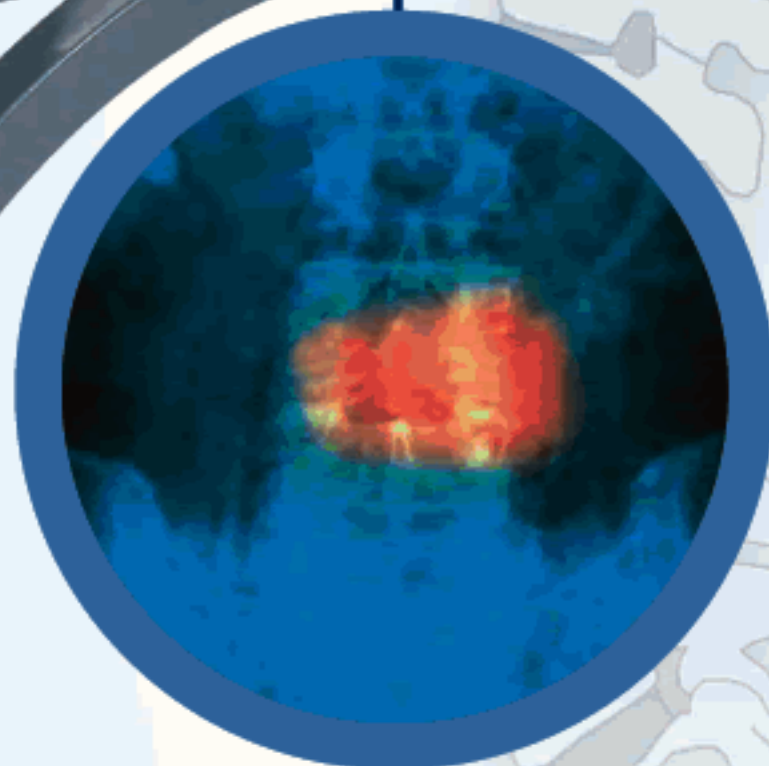

Acupressure Inspired

Uses your own body weight to temporarily block chi circulation. This release jump-starts your chi flow while flushing out toxins and stress.

Chiropractic Inspired

Restores structural integrity, relieves nerve interference, and gently realigns the vertebrae with its internationally patented technology.

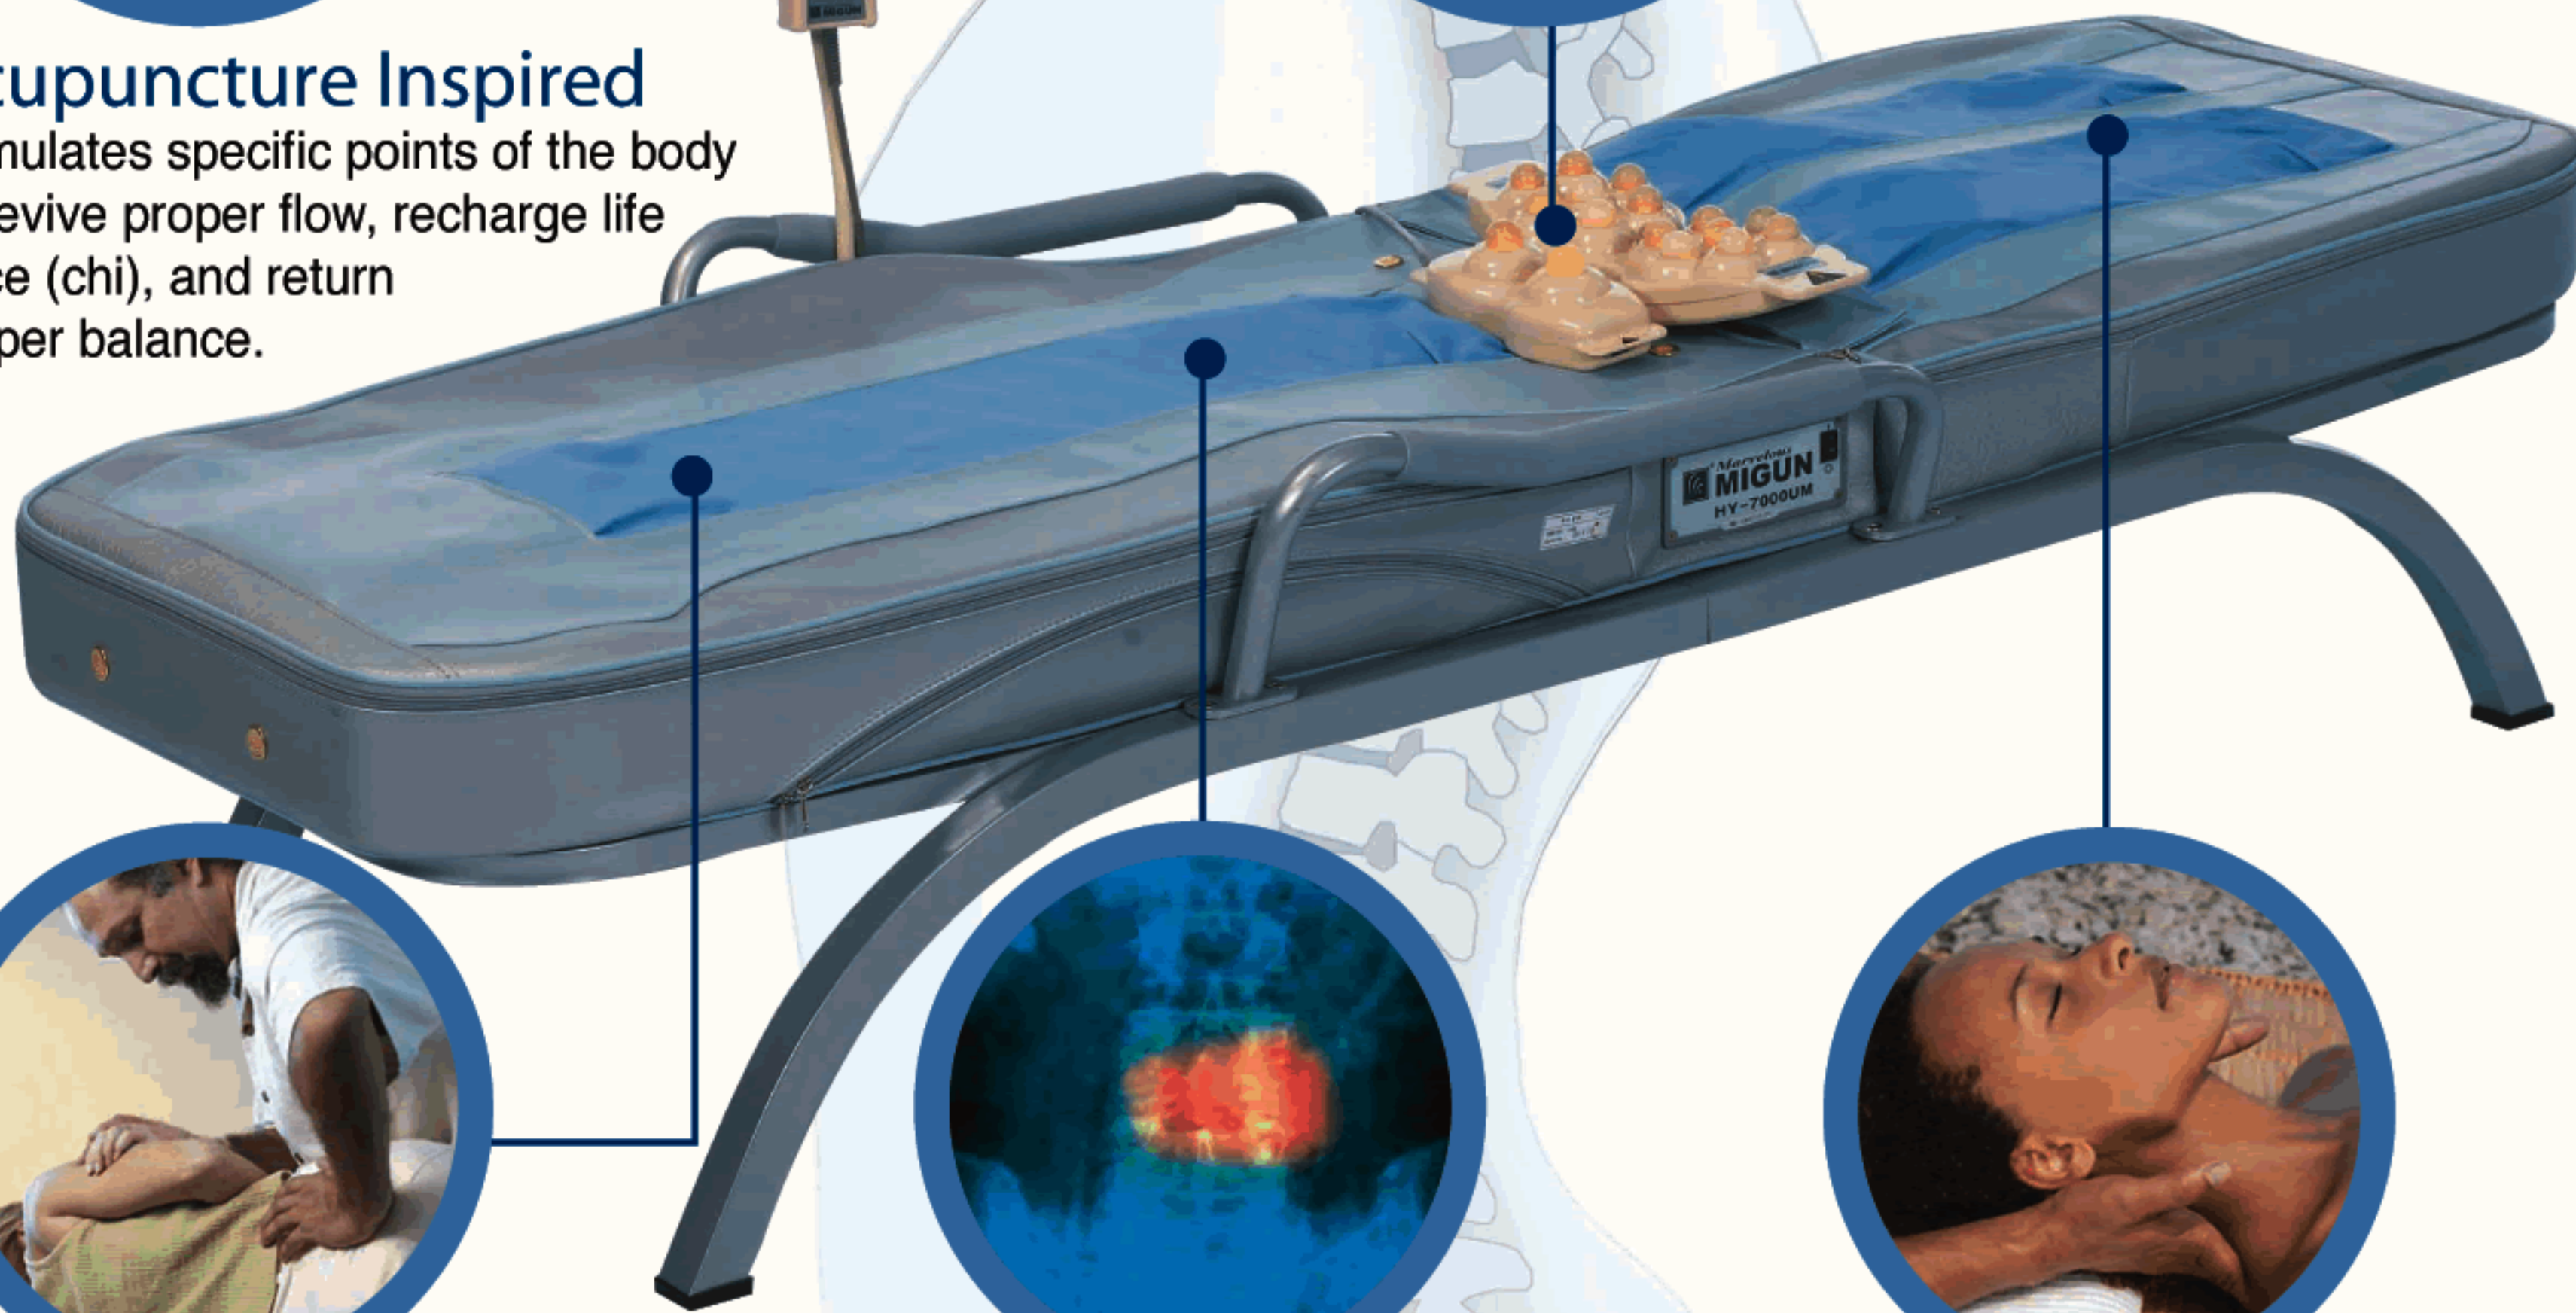

Heat Therapy

Boosts the performance of tissue cells, encourages muscle relaxation, and relieves discomfort while releasing pollutants using natural Far Infrared Rays.

Massage

Eases chronic pain, speeds up recovery from many sports related injuries, makes muscles more agile, improves concentration, and restores clarity.

• The intended use of the product is to provide muscle relaxation therapy by delivering heat and soothing massage. The infrared lamps included in the product provide topical heating for temporary relief of minor muscle and joint pain and stiffness, temporary relief of minor joint pain associated with arthritis, temporary increase in local circulation where applied, and relaxation of the muscles. The FDA, or any federal, state, or local health or safety agency, has not reviewed or approved the other benefits related to the product.

• Migun Medical Instrument Co. has recently received 510 (k) pre-market notification clearance from the Food and Drug Administration for the HY-5000 and HY-7000 Thermal Massage Energy Device.
